

Incident report

(Child safe standards toolkit: resource seven)

The child safe standards require organisations that provide services for children¹ to have processes for responding to and reporting suspected child abuse.² You can provide this resource to a child or their family if they disclose an allegation of abuse or safety concern in your organisation. Your staff can also use this resource to record disclosures.

All incident reports must be stored securely.

Where the term 'Aboriginal' is used it refers to both Aboriginal and Torres Strait Islander peoples. Indigenous is retained when it is part of the title of a report, program or quotation. Throughout this paper we refer to 'Aboriginal peoples' rather than 'Aboriginal people' to reflect the plurality and diversity of Victorian Aboriginal communities.
